IRON EAGLE PRESS:

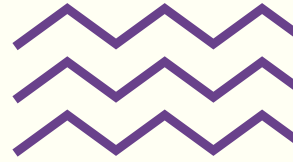

Hello Iron Eagle Family, I hope you had a great week!

It is exciting to see that our students are settled and have started developing their study skills by following teachers' directions. Students and teachers have been working hard in the classroom and I can feel that while walking in the hallway. It is very quiet in the hallway while the classes are going on which shows an excellent classroom learning environment. I am very proud of our students. Please see below for some updated items for the weekly newsletter.

Have a safe weekend!

–Mr. Gandhi – Headmaster

BENCHMARK TESTING

This week our students participated in the Pre Benchmark testing using the Imagine Learning – Galileo Platform. The benchmark tests were conducted for the ELA, Mathematics, and Science subjects. Students were engaged during the tests. During the next PD, teachers will analyze the data from benchmark results which will help them to modify their lesson plans to fulfill students' academic need more efficiently.
