IRON EAGLE PRESS:

Hello Iron Eagle Families, Happy Friday,

The first week of Quarter 2 is over and we are almost at the end of October. We had parent-teacher conferences this week and it was great to see many parents come and meet with teachers and staff. It is always a good feeling to be able to work together for our students' success.

The next couple of months will be very busy with academics and student activities. Our Student Council is working hard and planning many fun events for our students. Remember students, we would want you to earn your spot to attend these events and activities which is very easy. All you have to do is follow MIT procedures and MIT R.E.S.P.E.C.T.

R = ROLE MODEL (WELL DRESSED, WELL PREPARED)
E = EXPEL DISTRACTION (PERSONAL ELECTRONICS, ITEMS, ETC.)
S = SELF RESPECT (NO CHEATING)
P = PUNCTUALITY AND PARTICIPATION
E = ENCOURAGE OTHERS TO LEARN/ EMPATHY
C = CONTRIBUTE
T = TAKE RESPONSIBILITY

Enjoy your weekend, Iron Eagles..!!
I will see you on Monday.

STEM SPOTLIGHT – CITY PROJECT

Students in Geometry classes recently accomplished a project work. They applied their knowledge of parallel lines, transversals, and angle relationships to create a 3D city model in their groups. The students' city models turned out to be visually stunning, and they learned the essential skill of collaboration. This experience allowed them to understand the practical application of geometry in real life. Students in Mrs. Gandhi's geometry class had a fun learning experience while they worked in their groups to build the city of their dreams.

ACE (ACHIEVING A COLLEGE EDUCATION) - PRESENTATION

The representatives from the South Mountain Community College were here on MIT Campus on Tuesday. The presentation was focused on the opportunity to become a college student while in the High School. All of our sophomore students participated in this presentation where they learned how to earn up to 24 college credits while they are in their junior and senior years at the high school. Students were excited to know that there are several scholarships available to attend this program. Many of our MIT students have already been accepted into the ACE program and we are looking forward to providing them with more opportunities.

ASU VISIT TO MIT

A representative from ASU will visit MIT on **Wednesday, November 8, at 1 p.m. in the Lecture Hall**. This presentation is intended for seniors only, and their interested family members. The topic will be paying for college and will include a brief Q&A session.

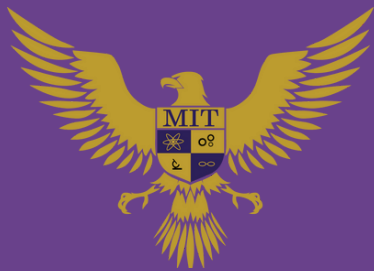

SCOIR

SCOIR is a platform that connects students to tools to help them identify their talents, search for their college fit, plan with their supporters, and apply when ready.

Parents have been invited to join SCOIR because you play an integral role by providing your student(s) with college suggestions, financial information, and general guidance.

If you have not received an invite or if your invite has expired (invitations are good for 7 days) please contact Mrs. Walker at tsimmonswalker@mitglobalonline.org to have another invitation sent to your email address.
